## Summary

---

Full-stack web developer skilled in MERN stack, C++ and DSA, with hands-on experience building real-world projects. Developed an AI-based Deepfake Detection System and an Internship Portal (Apna Intern). Strong academic record (7.5+ CGPA) and ability to deliver scalable, secure, and user-friendly applications.

## Education

---

**Baderia Global Institute of Engineering and Management, Jabalpur**

*July 2022 – July 2026*

B.Tech in Computer Science

**CGPA:** 7.53/10

**Bardsley English Medium Senior Secondary School, Katni**

*March 2021 – May 2022*

Class XII

## Projects

---

**Apna Intern – Internship Job Search Platform**

[Live Demo](#) | *June 2025 – July 2025*

- Developed a full-stack portal (like Internshala) for internships and jobs.
- Features include profile creation, resume upload, job posting, candidate search, and tracking.
- Focused on scalability, security, and performance using modern frameworks and technologies.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB.

**TaskFlow – Task Management Web App**

*Sept 2025 – Present*

- Developing a responsive task management web app using React.js, Node.js, and MongoDB.
- Includes CRUD operations, JWT-based authentication, and progress tracking features.
- Focused on clean UI, responsiveness, and seamless UX for managing daily productivity.
- Tech Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS

## Experience

---

**Smart India Hackathon 2024 – Internal College Round**

*Team Participant*

- Selected among top teams in the college round from over 30 participating teams.
- Developed a **Learning Path Dashboard** project aimed at personalizing learning and tracking student progress.
- Contributed to UI design, dashboard functionality, and team presentation.
- Enhanced teamwork, problem-solving, and innovation skills during the hackathon.

## Technologies

---

**Languages:** C++, JavaScript, SQL

**Frontend:** HTML5, CSS3, Bootstrap, Tailwind CSS, React.js

**Backend:** Node.js, Express.js

**Database:** MongoDB (NoSQL)

**Tools & Platforms:** Git, GitHub, VS Code
